Stylish finds at Vintage Villas

Vintage Villas is new on our radar, but the boutique has been impressing Scottsdale shoppers for a while. We can't believe we only discovered it recently. It's full of the stylish finds we see in magazines, shining on pages featuring celebrity homes. Take a peek inside:

▶ This looks like Madonna would want it, doesn't it? This oh-so-baroque candelabra is \$99.

▶ Get a load of these blinged-out candles — we knew that there was yet another use for rhinestones in the universe. They're \$145, perched on gorgeous ornate candlesticks, \$99 for small, \$115 for medium and \$139 for large.

▶ These hipster-meets-glamour Nilota Collection pillows, \$169 each, boast stylish silhouettes — and of furniture instead of people. We love the rich colors.
